September 4, 2017

Math at the Moment

Number Talks are part of our daily math lessons. Students are encouraged to find multiple ways to count or solve problems. Check out this lesson using a ten-frame:

www.youtube.com/watch?v=ssfT0GMM7Oo&t=13s

This week we are beginning a series of 8 Math Tasks using the "add-to" idea we've been learning about. Initially students are asked to think privately about how they would solve a problem. Then they are given time to talk to a small group before the whole class shares together. Encourage your child to listen to other's ideas and learn from them.

Reminders

Be sure you are reading 20 to 30 minutes every single day with your child.

We need some empty cardboard shoeboxes.

Coming Up

Sept. 4 - No School for Labor Day

Progress Reports - Sept. 6

Early Release - Sept. 14
         Dismissal is at 10:45 a.m.

Tip of the Week

How to Practice High Frequency Words

1. Point and say the word.
2. Spell the word.
3. Read the word.
4. Use each word in a sentence.

Reading Right Now

Phonics Skill of the Week: short i
         in   if   fit   six   lick   sit   big   hill   miss

High-Frequency Words: down   out   up   very

Sentence Fluency – Read these sentences like we talk.
